

Dealing with Pandemics

Many are still dealing with the after effects of the COVID-19 pandemic and the COVID-19 mRNA “vaccine.” The COVID-19 mRNA “vaccine” stuff takes over the cell’s DNA and cranks out spike proteins non-stop. Some health organizations are talking of future pandemics. Can our faith help us? The answer, of course, is yes. God will even remove the spike protein generator cells if your “faith” says so. [“. . . according to your faith be it unto you”, Matthew 9:29]

This set of Bible studies shows that our “faith” and God’s power can destroy all that attack our body and rebuild our body parts, if necessary, so that God’s will for our body takes place in our body. We need to learn how to receive miracles from God and make our faith stronger. [See the “Beating Short Deadline” and “The Big Picture” studies.]

A COVID-19 story may help. A relative and his wife both caught COVID-19. She showed strong COVID-19 symptoms and was hospitalized. By the time my wife and I heard of this, her oxygen saturation level was down to just above 60%. [Dr. House of the “House” TV series declares an emergency when the oxygen saturation level is below 93%.] The next step for her was intubation.

My wife and I decided to pray for her by lining up three TV/movie episodes. We then asked the Holy Spirit to give us the words to pray for her to be made whole, and then we both prayed in tongue as we watched these three TV/movie episodes. After the first day of doing this, her oxygen saturation level was up to the 70s%. We did this each day (long weekend). After the second day, her oxygen saturation level was up to the 80s%. We did this for two more days and she was up in bed doing social media. Then she went home. (She was never intubated.)

God’s will for us is good health and properly working body parts. Our part is to do “faith.”

Dealing with COVID-19 VAX after effects

What about brain fog, micro-clots, spike protein generators, and other COVID-19 VAX stuff left in your body? What to do about transfused COVID VAX contaminated blood if one needs an operation? The answer is the same as always: make your faith stronger, get others to join their faith actions to yours, and depend on “. . . according to your faith be it unto you,” Matthew 9:29.

To get rid of brain fog, spike protein generator cells, toxic COVID-19 VAX stuff from your body is no different than get rid of cancer or get one’s knee rebuilt. God knows what to do. God just want you to do strong, unwavering faith to partner with God’s Word. Be like Moses, Aaron, and Hur and their holding up that rod all day. Make your faith stronger every day and do your faith every day to manifest God’s will for you. Think the Lord’s Prayer. Show others how to make their faith stronger. Point family and friends to these studies, encourage them to grow their faith stronger, and pray for each other like those Christians, in Acts 12, prayed Peter out of jail.

[See the “Fight the Good Fight of Faith,” “Body Parts Rebuilt,” and “Beat Short Deadline” studies.]

Disclaimer:

This is not a tutorial. Only the key Bible verses are listed. You may need to look up the context, the surrounding verses, to get the full message/meaning. The verses here are in the King James translation. A popular Internet Bible with many translations and languages: www.biblegateway.com . You may find translations such as NIV and AMP easier to understand. The Bible verses are in Courier New 12 font, and the clarifications that I inserted into a Bible verse are inside parentheses in italics. If you want more precise translation, go to www.blueletterbible.org, choose the King James Version (KJV), input the book and chapter, and turn on the Strong word option. The returned web page will show Bible verses as well as each word's Strong number, its meaning, and cross references.

Also, using the name of Jesus to receive healing does not mean refusing medical care. You should receive medical care because God wants you healthy. But you should also use Jesus' name to pray the prayer of faith to receive healing from God.

Lastly, these Bible studies do not address other Bible issues. Other issues are well addressed by other Christian sources. These studies only focus on how to receive miracles faster.
